SIGNAL BIG  
THINGS AHEAD  
FOR THE  
VALLEY ISLE**

## EVENT RECAP

**Kihei — The Maui pickleball community turned out in force on October 28, 2025, for the groundbreaking of Aloha Pickleball's new 18-court facility in the Kihei Research & Technology Park—right next to Maui Brewing Company and across from the soon-to-open Hilton Hotel.**

## EVENT RECAP

**Plans for the Aloha Pickleball complex include 16 tournament courts, one grandstand court, and one championship court, with eight covered and shaded for all-weather play. The venue will also feature a fully stocked pro shop, shaded viewing areas, private box seating, and plenty of spaces to relax between games. Thanks to a partnership with Maui Brewing Company, players can enjoy refreshments just steps from the courts.**

## EVENT RECAP

**At the ceremony, organizers also announced the launch of Paddle Forward Pickleball, a new 501(c) (3) nonprofit with the tagline “Serving Youth One Game at a Time.” The group’s mission is to make pickleball accessible for every child. They’ve already raised over \$20,000 and plan to host their first youth day camp this December in Lahaina.**

## EVENT RECAP

The complex is slated to open in February 2027, with plans to host local, pro, and international tournaments—and welcome players from around the world to experience the friendliest place to play pickleball.
